#### **TOWN OFFICIALS**

TOWN MANAGER, LINDA ROBERSON TOWN CLERK, AMANDA GIBSON GERALD BUHR, TOWN ATTORNEY

#### INDEPENDENT AUDITOR'S REPORT

To the Honorable Town Commission Town of Zolfo Springs, Florida

#### Report On the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the Town of Zolfo Springs, Florida, (Town), as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the Town of Zolfo Springs, Florida, as of September 30, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**SARASOTA** 

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 – 9 and 32 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The other supplemental information on pages 33 – 36 is presented for additional analysis and is not a required part of the basic financial statements.

The other supplemental information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplemental information is fairly stated in all material respects in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 11, 2016, on our consideration of the Town of Zolfo Springs, Florida's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

Christopher, Shith, Leward, Bristow & Staney, P.A. CHRISTOPHER, SMITH, LEONARD, BRISTOW & STANELL, P.A.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Town of Zolfo Springs, Florida (the Town), we offer readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended September 30, 2015. We encourage readers to consider the information presented here in conjunction with the basic financial statements beginning on page 10.

#### Financial Highlights

- The assets of the Town exceeded its liabilities at the close of the most recent fiscal year by \$10,034,995 (net position). Of this amount, \$1,049,221 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net position decreased by \$177,324 during the year. This was primarily due to road paving performed during the year.
- As of the close of the current fiscal year, the Town's governmental fund reported ending fund balances of \$601,571, an increase of \$12,712 from the prior year. Of this amount, unassigned fund balance represents \$591,710.
- As of the close of the fiscal year the Town's water and wastewater fund unrestricted net position was \$445,740.

#### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Town's basic financial statements. The Town's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the Town's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported in a manner similar to the approach used by private-sector business in that revenue is recognized when earned or established criteria are satisfied and expenses reported when incurred. Accordingly, revenues are reported even when they may not be collected for several months after the end of the year, and expenses are reported even though they may not have used cash during the current fiscal year.

Both of the government-wide financial statements distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Town include general government, public safety, maintenance and physical environment. The business-type activities of the Town include the water, wastewater, and sanitation services.

The government-wide financial statements can be found on pages 10 and 11 of this report.

Fund financial statements: Funds are a group of self-balancing accounts. Funds are used to account for specific activities of the Town. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The only governmental fund the Town maintains is the General Fund. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund.

The Town adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 12 through 15 of this report.

Proprietary funds: The Town utilizes enterprise funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town's enterprise funds consist of the water and wastewater fund and the sanitation fund.

The basic proprietary fund financial statements can be found on pages 16 through 18 of this report.

Notes to the financial statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page 19 of this report.

Other information: In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Town's General Fund Budgetary Comparison. Required supplementary information can be found on page 32 of this report.

#### Government-wide Financial Analysis

The following table presents a condensed statement of net position as of September 30, 2015 with comparative totals as of September 30, 2014.

#### **Net Position**

Current and other assets Capital assets (net of depreciation) Total assets	Government 2015 \$ 612,439 1,343,469 1,955,908	al Activities 2014 \$ 605,493 1,220,519 1,826,012	Business-Ty 2015 \$ 579,110 9,170,496 9,749,606	ype Activities 2014 \$ 578,772 9,544,043 10,122,815	Tot 2015 \$ 1,191,549 10,513,965 11,705,514	2014
Long-term liabilities outstanding Other liabilities	11,137 10,868	11,062 16,634	1,598,914 49,600	1,624,000 <u>84,812</u>	1,610,051 60,468	1,635,062 101,446
Total liabilities  Net position:	22,005	27,696	1,648,514	1,708,812	1,670,519	1,736,508
Net investment in capital assets, Net of related debt	1,332,332	1,209,457	7,576,496	7,920,043	8,908,828	9,129,500
Restricted	4,327	4,327	72,619	72,593	76,946	76,920
Unrestricted Total net position	597,244 \$ 1,933,903	584,532 \$ 1,798,316	451,977 \$ 8,101,092	421,367 \$ 8,414,003	1,049,221 \$ 10,034,995	1,005,899 \$ 10,212,319

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Town, assets exceeded liabilities by \$10,034,995 at the close of September 30, 2015.

The Town's net position include capital assets, (89% of total net position), which reflect its investment in capital assets (e.g., land, water plant, machinery, and equipment); less any related debt used to acquire those assets that is still outstanding. The Town uses these capital assets to provide services to its members; consequently, these assets are *not* available for future spending. Although the Town's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the Town's net position, in the amount of \$76,946, represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net position* of \$1,049,221 may be used to meet the government's ongoing obligations to citizens and creditors.

The following is a summary of the information presented in the Statement of Activities on page 11 of this report.

Changes in Net Position
For the Years Ended September 30, 2015 and 2014

Net position - Ending	\$ 1,933,903	\$ 1,798,316	\$ 8,101,092	\$ 8,414,003	\$ 10,034,995	10,212,319

Governmental activities: Governmental activities increased the Town's net position by \$135,587.

The Town had \$6,129 of program revenue. In addition, other key components of revenue were \$684,465 of tax revenue classified as general revenues. The Town also had \$35,004 of other income. Expenses consisted of \$205,752 of general government, \$178,142 of police-public safety, general maintenance and physical environment of \$225,361 and interest on long-term debt of \$456.

Business-type activities. Business-type activities decreased the Town's net assets by \$312,911. Key elements for the difference between the current year and prior year are:

- Charges for services decreased by \$52,395. Operating revenues consist of water and wastewater department charges, as well as sanitation charges.
- Expenses decreased by \$39,270 from the prior year.

#### Financial Analysis of the Government's Funds

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Town's governmental fund is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town's general fund reported ending fund balances of \$601,571, an increase of \$12,712 in comparison with the prior year. \$591,710 of this total amount constitutes unassigned fund balance, which is available for spending at the Town's discretion. The remainder of fund balance is restricted to indicate that it is not available for new spending because it has already been committed for capital improvement, or is nonspendable, (prepaid expenses).

The fund balance of the Town's general fund increased by \$12,712. Activity during the current fiscal year included the following key components:

- Total general fund revenues decreased by \$40,285.
- The general fund expenditures increased by \$145,328 due to an increase in capital outlay.
- The general fund also included other financing sources of \$19,700, which are transfers from the proprietary fund.

**Proprietary funds.** The Town's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The following are the noteworthy changes from the prior year:

- Operating revenues decreased by \$52,395, over the prior year largely due to impact and connection fees.
- Operating expenses decreased by \$38,595, over the prior year. The decrease was due mainly to decreased operating costs.
- The non-operating revenues (expense) line, which is a total net loss of \$35,130 was consistent with prior year.

#### General Fund Budgetary Highlights

During the year, the General Fund budget was amended. The original budgeted revenues were \$565,134 and final budgeted revenues were \$737,234. The final budgeted expenditures were \$754,434 compared to the original budget of \$565,134. For the current fiscal year, actual revenues were less than budgeted revenues by \$11,636. Actual expenditures were less than budget by \$21,848.

Actual expenditures were less than budgeted, primarily for less expenditures than anticipated for capital outlay.

#### Capital Assets and Debt Administration

Capital assets. The Town's investment in capital assets for its governmental and business-type activities as of September 30, 2015, amounts to \$10,513,965 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, sewer line improvements, water system improvements, machinery and equipment, and construction in progress. Current changes include additions of \$275,892 offset by depreciation of \$525,299.

#### Town of Zolfo Springs Capital Assets (Net of Depreciation)

Total	\$ 1,343,469	\$ 1,220,519	\$ 9,170,496 \$ 9,544,043	<u>\$ 10,513,965</u>		

Significant current year activity includes road improvements. Additional information on the Town's capital assets can be found in note 2 C. of this report.

Long-Term Debt. At the end of the current fiscal year, the Town had enterprise fund bonded debt outstanding of \$1,594,000. Governmental activities for the Town had \$7,524 of debt outstanding.

#### Town of Zolfo Springs Revenue Bonds and Notes Payable

	Governmen	tal Activities	Business-Type Activities	I otal		
	2015	2014	2015 2014	2015	2014	
Revenue bonds	\$ -0-	\$ -0-	\$ 1,594,000 \$ 1,624,000	\$ 1,594,000	\$ 1,624,000	
Notes payable	7,524	11,062	-00-	7,524	11,062	
Total	\$ 7,524	\$ 11,062	\$ 1,594,000 \$ 1,624,000	\$ 1,601,524	\$ 1,635,062	

Additional information on the Town's long-term debt can be found in note 2, E. of this report.

#### Economic Factors and Next Year's Budgets and Rates

The millage rate for 2015 - 2016 is the same as the prior year. The Town's total budget for all funds for fiscal year 2015 - 2016 has increased revenues by \$1,647,383 and expenses by \$1,630,183. The increase from the prior year is principally due to anticipated grant revenue from FDOT and related capital outlay for road improvements.

#### Requests for Information

This financial report is designed to provide a general overview of the Town of Zolfo Springs, Florida finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Town of Zolfo Springs, 3210 U.S. Hwy. 17 S., Zolfo Springs, Florida 33890.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. REPORTING ENTITY

The Town of Zolfo Springs was incorporated in 1913 under the laws of Florida Chapter 59–1996 (House Bill 1768). The present charter (which was last amended in May of 2006) calls for a Town Manager and a five-member commission. Under the present charter, the Town has the power to impose license taxes on occupations, to levy taxes on Town property, and to levy charges for services as required for the improvement and government of the Town. Services authorized to be provided under the present charter are as follows: public safety, streets and roads, sanitation, health and social services, culture – recreation, public improvements, planning and zoning, and general administrative services. No potential component units exist.

#### B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Town. For the most part, the effect of interfund activity has been removed from these statements. Government-wide financial statements include a Statement of Net Position and a Statement of Activities. The Statement of Net Position reports all financial and capital resources of the Town's governmental and business-type activities. It is presented in a net position format (assets, plus deferred outflows less liabilities plus deferred inflows equal net position) and shown with three components; net investment in capital assets, restricted net position and unrestricted net position. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental fund and the proprietary funds. All governmental and enterprise funds are considered major funds and are presented as separate columns in the fund financial statements.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

### C. <u>MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION</u>

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following governmental fund:

#### General Fund

The general fund is the Town's general operating fund. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs not paid through other funds.

The government reports the following proprietary funds:

#### Water and Wastewater

The water and wastewater fund accounts for the operation of the Town's water and wastewater system.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

### C. <u>MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION - CONTINUED</u>

#### Sanitation

The sanitation fund accounts for the activities of the government's garbage operations.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the Town's water and wastewater fund and various other functions of the Town. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town's water and wastewater fund and the sanitation fund are charges to customers for sales and services. The Town also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

#### D. CASH AND INVESTMENTS

Florida Statute 218.415 authorizes the Town to invest surplus funds in the following:

- (a) The Local Government Surplus Funds Trust Fund or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in Section 163.01, Florida Statutes.
- (b) Securities and Exchange Commission registered Money Market Funds with the highest credit quality rating from a nationally recognized rating agency.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### D. CASH AND INVESTMENTS - CONTINUED

- (c) Interest bearing time deposits or savings accounts in state-certified Qualified Public Depositories as defined in Section 280.02, Florida Statutes.
- (d) Direct obligations of the U.S. Treasury.

All Town bank accounts and certificates of deposit are with banking institutions that post collateral as required by state statutes (Qualified Public Depositories). The Town does not have a formal investment policy that limits its exposure to fair value losses arising from increasing interest rates. However, at September 30, 2015, the Town only had demand deposits and time deposits.

#### E. RECEIVABLES AND PAYABLES

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance account in applicable governmental funds to indicate that they are not available for appropriation and are not spendable financial resources.

All trade receivables are shown net of allowance for doubtful accounts.

#### F. PROPERTY TAXES

Property taxes become due and payable on November 1st of each year. The county tax collector remits the Town's portion as such revenues are received. The Town collects nearly all of its tax revenue during the period November 1 through April 1, at which time the property taxes become delinquent. The key dates in the property tax cycle are as follows:

Assessment roll validated
Millage resolution approved
Beginning of fiscal year for which
taxes have been levied
Tax bills rendered and due

July 1 September 30 October 1 November 1

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### F. PROPERTY TAXES - CONTINUED

Property taxes payable: Maximum discount Delinquent Tax certificates sold

November 30 April 1 May 31

Property taxes are recognized as revenue in the fiscal year for which the taxes have been levied to the extent they result in current receivables. Under the system outlined above, no material amount of taxes is receivable after the end of the fiscal year.

#### G. RESTRICTED ASSETS AND RESERVES

Certain proceeds of the Town's enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because they are maintained in separate bank accounts and their use is limited by applicable bond covenants.

#### **Enterprise Funds**

Restricted assets, provided for by ordinances adopted by the Town for the issuance of the Sewer System Bonds and customer deposits are as follows:

OLIAL IEIED

QUALIFIED		
PUBLIC		
<b>DEPOSIT</b>		
\$	72,619	
	42,329	
\$	114,948	
	•	

#### H. CAPITAL ASSETS

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$500. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The Town has elected to report general infrastructure assets on a prospective basis only.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are expensed as incurred.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### H. CAPITAL ASSETS - CONTINUED

Property, plant, and equipment of the primary government are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and improvements	20 - 50
Sewer line improvements	20 - 50
Infrastructure	10 - 40
Machinery and equipment	5 - 15
Furniture and equipment	5 - 15
Other equipment	5 - 15

#### I. COMPENSATED ABSENCES

The Town personnel policy provides for the payment of accrued vacation and sick pay upon separation of its employees. A liability for this amount is recorded in the government-wide and proprietary fund financial statements. A liability for these amounts is recorded in the governmental fund only if they have matured.

#### J. LONG-TERM OBLIGATIONS

In the government-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

#### K. <u>NET POSITION</u>

Net position is reported in three parts as applicable: net investment in capital assets, restricted and unrestricted. When both restricted and unrestricted resources are available, restricted resources are used first, and then unrestricted resources, as they are needed.

#### L. FUND BALANCE

The Town follows Governmental Accounting Standards Board (GASB) Statement No. 54. GASB 54 established fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Fund balance classifications are Nonspendable and Spendable. Spendable is then further classified as Restricted, Committed, Assigned, and Unassigned. These classifications reflect not only the nature of funds, but also provide clarity to the level of restriction placed upon fund balance. Fund balance can have different levels of restraint, such as external

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### L. FUND BALANCE - CONTINUED

versus internal compliance requirements. Unassigned fund balance is a residual classification within the General Fund. The General Fund should be the only fund that reports a positive unassigned balance.

The Town classified governmental fund balance as follows:

Nonspendable - includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual requirements.

#### Spendable Fund Balance:

- Restricted includes amounts that can be spent only for specific purposes because of State or Federal laws or enabling legislation, or which are externally restricted by providers, such as creditors or grantors.
- Committed includes amounts that can be spent only for specific purposes that are approved by a formal action of the Board of Commissioners through a resolution or the budget process.
- Assigned includes amounts designated for a specific purpose by the Board of Commissioners through a resolution or the budget process, which are neither restricted or committed.
- Unassigned includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed or assigned for those specific purposes.

The Town uses restricted amounts first when both restricted and unrestricted fund balance is available, unless there are legal documents or contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the Town would first use committed, then assigned, and lastly unassigned amounts of spendable fund balance when expenditures are made. The Town does not have a formal minimum fund balance policy.

Total Fund Balances	<u>\$ 6</u>	501,571			

Canaral

#### M. INVENTORIES

Inventories are stated at the lower of cost or market as determined on the first in, first out method.

#### N. CASH AND CASH EQUIVALENTS

For purposes of the statement of cash flows all highly liquid debt instruments purchased with a maturity of three months or less are considered cash.

#### O. ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### P. BUDGETARY INFORMATION

Annual budgets are adopted on a basis consistent with U.S. generally accepted accounting principles for the governmental fund except transfers and loan proceeds, which were not included in the budget. Expenditures should not exceed total appropriations. All annual appropriations lapse at fiscal year end. Budget amendments are approved by the Town Commission.

#### NOTE 2 - DETAILED NOTES ON ALL FUNDS

#### A. Cash and Investments

At year-end, the Town's carrying amount of deposits was \$1,054,049 and the bank balance was \$1,067,591.

#### B. Receivables

Receivables as of year-end for the Town's funds in the aggregate, including the applicable allowance for uncollectible accounts, are as follows:

	General	Wastewater	Sanitation
<u>Receivables</u>	<u> Fund</u>	<u> </u>	<u> </u>

#### E. Long-Term Debt - Continued

#### **Revenue Bonds and Notes**

During 2012, the Town issued water and wastewater system revenue bonds series 2012 in the amount of \$1,654,000. The holder of the series 2012 bonds is the U.S. Department of Agriculture, Rural Development, Rural Utility Services (USDA). The series 2012 bond issuance was authorized by the Town of Zolfo Springs Commission through Resolution 2012–02. The purpose of the bonds was to finance the cost of acquisition and construction of improvements to the wastewater system and to refinance existing 1987 water and sewer revenue bonds. The series 2012 bonds have an interest rate of 2.25% and mature in 2051. Principal and interest payments are due September 1 of each year. The bonds are secured by a first lien on the revenues from the Town's water and wastewater system.

The Town has the following revenue bonds and notes outstanding, issued for business-type activities and accounted for in the enterprise fund:

Water and Wastewater System Revenue Bonds

\$ 1,594,000

Total annual debt service requirements for all outstanding enterprise fund revenue bonds as of September 30, 2015 are as follows:

Year Ending	<b>5</b>		
September 30,	<u>Principal</u>	<u> Interest</u>	<u> </u>

Total	<u>\$ 735,843</u>	<u>\$ 1,594,000</u>	<u>\$ 2,329,843</u>

#### NOTE 3 - EMPLOYEE BENEFIT PLAN

The Town adopted a defined contribution retirement plan, effective October 1, 1999 for all full-time employees over 18 years of age and with a minimum of 12 months of service. The name of the Plan is the Retirement Plan and Trust for the Employees of the Town of Zolfo Springs and the plan is administered by the Florida League of Cities, Inc. The Florida Municipal Pension Trust Fund is the Trustee. The Town may amend the plan by giving the Trustee written notification of such Amendments as adopted.

#### NOTE 3 - EMPLOYEE BENEFIT PLAN - CONTINUED

Benefit terms, including contribution requirements, for the Plan are established and may be amended by the Town's Commission. For each employee in the pension plan, the Town is required to contribute 5 percent of annual salary, exclusive of overtime pay, to an individual employee account. Employees are permitted to make contributions to the pension plan, up to applicable Internal Revenue Code limits and not to exceed 10 percent of their compensation. For the year ended September 30, 2015, employee contributions totaled \$12,713, and the Town recognized pension expense of \$12,783.

Employees are immediately vested in their own contributions and earnings on those contributions and become vested in Town contributions and earnings on Town contributions after completion of 5 years of creditable service with the Town. Nonvested Town contributions are forfeited upon termination of employment. Such forfeitures are to be used to cover a portion of the pension plan's administrative expenses. For the year ended September 30, 2015, the Town did not apply any available forfeitures towards the Town's expense.

#### NOTE 4 - RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Town carries commercial insurance. There has been no significant reduction in coverage from the prior year. The Town has not experienced any settlements in excess of coverage over the past three years.

#### NOTE 5 - CONTINGENCIES

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the Town expects such amounts, if any, to be immaterial.

#### **OTHER REPORTS**

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

MANAGEMENT LETTER

INDEPENDENT ACCOUNTANT'S REPORT ON INVESTMENT COMPLIANCE

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Town Commission Town of Zolfo Springs, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of the Town of Zolfo Springs, Florida (Town), as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated January 11, 2016.

#### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Town's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**BRADENTON** 

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CHRISTOPHER SMITH, LEONARD, BRISTOW & STANELL, P.A.

Christopher, Srit, Leward, Bristow & Staney, P.A.

January 11, 2016 Bradenton, Florida

#### MANAGEMENT LETTER

To the Honorable Town Commission Town of Zolfo Springs, Florida

#### Report on the Financial Statements

We have audited the financial statements of the Town of Zolfo Springs, Florida as of and for the fiscal year ended September 30, 2015, and have issued our report thereon dated January 11, 2016.

#### Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

#### Other Reports and Schedule

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, Section 601 regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated January 11, 2016, should be considered in conjunction with this management letter.

#### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report except as noted below under the heading Prior Year Findings and Recommendations.

#### Prior Year Findings and Recommendations

#### 2013 – 3. Adjustments

#### Comment

During the current year audit, various adjustments were required during the audit process.

#### Recommendation

The Town should adopt a monthly closing process to ensure accounts are reconciled and adjusted on a monthly basis to ensure accurate and timely financial reporting.

#### Financial Condition

Section 10.554(1)(i)5.a., Rules of the auditor General, requires that we apply appropriate procedures and report the results of our determination as to whether or not the Town of Zolfo Springs, Florida has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific conditions met. In connection with our audit, we determined that the Town of Zolfo Springs, Florida did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the Town of Zolfo Springs, Florida's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

#### Annual Financial Report

Section 10.554(1)(i)5.b., Rules of the Auditor General, requires that we apply appropriate procedures and report the results of our determination as to whether the annual financial report for the Town of Zolfo Springs, Florida for the fiscal year ended September 30, 2015, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2015. In connection with our audit, we determined that these two reports were in agreement.

#### Other Matters

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations, except as noted under Prior Audit Findings.

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

#### Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

February 2, 2016

Auditor General 111 West Madison Street Post Office Box 1735 Tallahassee, FL 32303

Dear Sir:

Following are the Town's responses to the audit report for fiscal year ending September 2015:

2013-3. <u>Adjustments</u> The Town will adopt a monthly closing process to ensure accounts are reconciled and adjusted on a monthly basis to ensure accurate and timely financial reporting.

Please advise if I may be of any further assistance.

Sincerely,

Linda Roberson

Town Manager/Finance Director

### INDEPENDENT ACCOUNTANT'S REPORT ON INVESTMENT COMPLIANCE

To the Honorable Town Commission Town of Zolfo Springs, Florida

We have examined the Town of Zolfo Springs, Florida's compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2015. Management is responsible for the Town's compliance with those requirements. Our responsibility is to express an opinion on the Town's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Town's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Town's compliance with specified requirements.

In our opinion, the Town complied in all material respects, with the aforementioned requirements for the year ended September 30, 2015.

This report is intended solely for the information and use of the Town of Zolfo Springs and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.
